

## CAPE COD DEEP SEATING SOFA

With its elegant sweeping lines and fully woven frame, our Cape Cod sofa is an updated, more sophisticated version of classic wicker porch furniture. The sofa is constructed from all-weather wicker and a rustproof aluminum frame, allowing it to be used outdoors, completely exposed to the elements. Ships fully assembled.

*NOTE: When ordering Cape Cod sofa cushions in a striped or patterned fabric, please specify our three-piece seat cushion, the CUS69, so that seat and back cushions match. (The standard seat cushioning for the sofa, the CUS59, is two pieces.)*
