

HUDSON SOFA

Our Hudson collection combines premium, solid teak frames with woven seating surfaces. Teak arms are beautifully rounded for understated refinement, and legs arch back with graceful flair. Two options are offered for woven surfaces: either Natural Cord or Charcoal Rope. Natural Cord is designed to look like authentic Danish paper-cord, using two distinct strands of all-weather wicker fiber interwoven in a classic pattern. Our weather-friendly Charcoal Rope is made from supple, polypropylene yarns braided around a plastic core for structure and strength. Cushions on deep seating units are essential, and offered in a variety of stain resistant fabrics. Dining chairs are comfortable with or without a cushion.
