

TIVOLI SECTIONAL

DESIGNED John Caldwell

Note: Stainless Steel Frame

Tivoli is a modern masterwork in exterior furnishings that seamlessly integrates elements of design, material, and function. The sectional is comprised of seven individual units that can be arranged in endless configurations, such as an archetypal "L" shaped sectional; a rounded sectional for use with a fire pit; a sofa or settee; a circular daybed; or a tête-à-tête. Pieces are crafted from #304 stainless steel and premium Grade A Teak. Complementary tables are constructed with heavy duty steel frames and spectacular teak wood tops.

NOTE: Stainless steel furniture that will be exposed to salt air or chlorinated water should be electropolished. See FAQ's/GENERAL for details.
